

Project Performance Test

Date	1 July 2026
Team ID	x x x
Project Name	India's agricultural crop production analysis

Model Performance Testing

S.No.	Parameter	Screenshot / Values
1	Data Rendered	2015-2025 Production Dataset (CSV format)
2	Data Preprocessing	Handled missing values in 'Yield' column; standardized 'State' and 'Crop' naming conventions
3	Utilization of Filters	State, District, Crop Year, Season (Kharif/Rabi/Summer), and Crop Category
4	Calculation fields Used	Yield per Hectare (Production / Area); Annual Growth Percentage
5	Dashboard design	No of Visualizations / Graphs - 5 (Trend lines, Bar charts, Heat map)
6	Story Design	No of Visualizations / Graphs - 3 (Summary slide, Regional comparison, Future outlook)
